Dear Patti,

What can I say? Another great BaltiCon. I arrived Wednesday, and stayed till Tuesday, to get the maximum experience. It's sort of my "spring WorldCon."

As usual, it was a pleasure working with Martin on the art show set-up and tear-down. He's really got things well organized and under control.

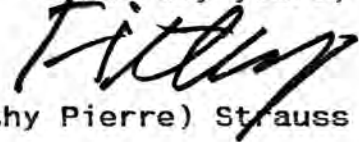

I particularly enjoyed the panel on "Filk Musicals and Song Cycles."

Pass my thanks along to all the people in the con suite and the berserker lounge for keeping us fed.

Having the piano on the lobby floor available is really great. I always have a lot of fun playing it. My mouth-powered and electronic keyboards just aren't the same thing.

Looking forward to next year,

Sincerely yours,

Erwin S. (Filthy Pierre) Strauss
